

Magnus Skare

Personal Statement

Over the past two years I have been working in web development and design. I moved from design to development due to the frustration of not being able to make my own ideas a reality. When I am not studying I am working as a web developer for Riktig Spor.

Selected Work Experience

Designer & developer @ Riktig Spor
Designer @ First Option Software
Journalist @ Avisa Nordland
Freelance web designer

Speciality

Web design & deployment
Web performance & accessibility
Search Engine Optimization

Secondary Skills

Design
Photography
Film

Future

I hope to continue working as a web developer, and exploring the landscape even more. I also want to integrate new interesting technology like wearables into the existing market to show its power and potential.
